RE: 2013-2014 West Finance Assistant End of Cycle Memo

OVERVIEW

The Finance Department at the DCCC is one of the larger departments in the organization. The 2013-2014 West team consisted of a Director, a Deputy Director and a Finance Assistant, as well as two off-site consultants based in California (San Francisco and Los Angeles). The West team is tasked with raising high-dollar contributions from the western region states, which for this cycle included: California, Colorado, Arizona, New Mexico, Oregon, Utah, Nevada, Idaho, Wyoming and Montana.

The Finance Assistant's main responsibility is to assist the Director and Deputy Director in the day-to-day operations and implementation of the finance plan. The responsibilities are primarily linked to 1) daily administrative and organizational support (e.g. processing contributions, database management and donor maintenance) and 2) development and execution of all fundraising events in the West region.

The West region raises money for a few different recipients:

1. DCCC
2. DCCC Recount Fund
3. Nancy Pelosi for Congress (NP4C)
4. PAC to the Future (PTF) – Leader Pelosi's PAC
5. Nancy Pelosi Victory Fund (NPVF) – which includes DCCC, NP4C and PTF – this is usually just raised for Leader Pelosi's annual event in April at the home of Ann & Gordon Getty in San Francisco

Something to note about the Finance Department is that we function as one big team. You will notice that during certain times of the month, different regions are busier than others. If team South (or team Midwest, Northeast, Mid-Atlantic, etc.) has a Texas swing coming up in a week or an even with POTUS, and team West is simply prepping for events that are 6 weeks away, you will be expected to help team South with whatever they may need. When team West has back-to-back POTUS events (which has happened) and/or several events happening in close succession, you CAN and SHOULD ask for help from regions that are not busy with time sensitive responsibilities. Do this so that you meet deadlines ahead of schedule. Additionally, if you need assistance with procedures of any kind, don't hesitate to ask for help from any finance staff member (especially those who were around the previous cycle). They will all be more than happy to help you!

Congress of the United States
Washington, DC 20515

July 8, 2011

The Honorable Hillary Rodham Clinton
Secretary of State
U.S. Department of State
2201 C Street, N.W.
Washington, DC 20520

Dear Madam Secretary:

We are writing to express our concern about information our offices have received regarding potential efforts by Iran to engage in nuclear cooperation with Argentina, using Venezuela as its interlocutor.

With Hugo Chavez as its broker, the Iranian regime has significantly expanded its reach throughout Latin America and the Caribbean in recent years. Utilizing its presence in the hemisphere, Iran - a designated state-sponsor of terrorism - has worked vigorously to strengthen regional support for its nuclear ambitions, and other destructive policies.

While it is our understanding that Argentina publicly maintains objections to Iran's nuclear program, a position it established in the wake of the 1992 attack on the Israeli Embassy and 1994 attack on the AMIA Jewish Community Center in Buenos Aires, there are reports that in 2007 Mahmoud Ahmadinejad allegedly asked Hugo Chavez to intercede with President Nestor Kirchner to change Argentine policy to allow Iran access to Argentine technology.

Further, it is our understanding that the State Department has been provided information regarding these reports and alleging a growing commercial relationship between Argentina and Iran through Venezuela.

In light of Iran's relentless efforts to develop its nuclear capabilities, we would like to request information, within all applicable rules and guidelines, regarding Argentina's current policy toward Iran and its nuclear program; the status of any possible economic projects Argentina may be engaged in with Venezuela that may involve Iran, including any possible transfers of funds between these three countries; and the extent of any nuclear cooperation that may be at play between Argentina, Venezuela, and Iran to date.

Thank you in advance for your assistance with this matter.

Sincerely,

ILEANA ROS-LEHTINEN

Most of you probably are unaware of what "Mindgeek", this company, even is—that's because it is just a shell company that its real masters have gone at great lengths to conceal their operations and identities, and most importantly, their endgame.

This shell company, hidden away in an anonymously structured Luxemburg corporation, owns the following: Brazzers, Digital Playground, Pornhub PornMD, RedTube, Playboy TV, and YouPorn and dozens of gay sites. Most upper-level management and private stakeholders are Jews. They are also one of the largest (((big data))) companies around.

Their goal: to infiltrate and destroy what is left of western society by hypersexualizing anything they can think of and destroying everything we once held sacred. They are trying to break apart the family unit by introducing the populace to sicker and sicker pornography, including most recently, porn that simulates incest. They are trying to normalize homoerotic materials to classically condition people into becoming homosexuals (see behavioral psychologist, B.F. Skinner). They openly work with the media to not only promote their own filth but also to say that there are no downsides to any of it! They managed to create the largest mind virus in our generation, the ultrasexual feedback loop—this is where sexual thoughts actions and behaviors become the a total obsession for people, at expense of productive life goals.

Let's break apart the name. "Mindgeek". Why would a porn umbrella company be called this? What relevance does it have? It has to do with the Jewish owners larger goal; to get inside and infect the minds of everyone (most importantly, white males), to subconsciously affect them. They do not make any money from people who just browse and don't click the ads; but they do get an addicted slave though that now values the short-term pleasure more than any long-term goals in life and will ideally absorb their political conditioning as well. They are pure evil.

I have definitely noticed, in certain threads with damaging information, they can be sled with pictures of very attractive women, as if they're trying to b8 you into jacking off

That's probably one of their strategies

Yes it is. They have a full team that operates on Reddit and 4chan, just look how active pornhub is on reddit and how much random porn is posted here.

You can't think intellectually if you're brought to your most base instinct. It will always outcompete the intellectual aspect of our brain.

Nice find. Hopefully I can stop watching porn for good one day. I struggle to have pride because of how my sexuality has degenerated alongside compulsive porn use.

You know, I do find it interesting that in recent years there top advertised vids are ALWAYS about incest. Mostly mom/son stuff. Even the non-professional ones have | that theme. Strange...

The time has come where we honestly take a sense of self reflection. I know a lot of you, a very large amount, still watch porn. Most of you think that you personally don't matter in the grand scheme of things, that your habits won't change your outlook on life or women or any of that. I'm sure even a large amount of you watch very degenerate things such as sodomy or homosexual films, or even "solo films" which are supposed to 'not be degenerate because they appreciate the white female body.'

Supporting ANY industry that destroys both sexual morality and sets a precedent for objectifying women should be rejected. These women could be mothers, teachers, engineers, biologists, architects among various other jobs. Instead they waste the thousands of dollars taxpayers spent on them for education to exploit their natural advantage in the world for money.

Stop watching porn.

Not tomorrow. Not "just after this". Don't decrease your porn. Don't say "I'll read erotic fiction". Don't "Fap to images instead". Don't support "Non degenerate porn", there's no such thing. Stop watching it. When you feel horny, masturbate, no fap is retarded, but do not do it to porn. You'll feel horny 2, 3, 4 times a day at first. After about 2 weeks you won't have it anymore. That urge to open a new tab in your browser. Don't resist your natural biological urges to reproduce. Resist the Jewish industry that employs children, targets children and degrades women in the name of capitalism.

Remember that Porn is allowed in the US because it helps us be controlled. When Israel first started stepping further into Palestine, they took over the television stations and forced it to only air pornography. They did this as a form of demoralization against the heavily anti-porn arabs.

>Yes, we shall set them to work, but in their leisure hours we shall make their life like a child's game, with children's songs and innocent dance. Oh, we shall allow them even sin, they are weak and helpless, and they will love us like children because we allow them to sin. We shall tell them that every sin will be expiated, if it is done with our permission, that we allow them to sin because we love them, and the punishment for these sins we take upon ourselves. And we shall take it upon ourselves, and they will adore us as their saviours who have taken on themselves their sins before God. And they will have no secrets from us.

-Fyodor Dostoevsky
